BOSSCHART BUCKETWASHER FOR WATERBASED INKS

Clean up your inkroom with the Bosschart Bucketwasher Model BW30 for 20kg-25ltr buckets. Positioned next to a Vale-Tech Inovex inkdispenser, this device will supply you with a maximum efficiency in removing the waterbased inks and dirt from the buckets. It features special programs whereby up to 6 buckets in one wash are rinsed with a special biodegradable washing agent diluted in hot water.
